MEASURING

Measuring of Dogs: Our judge is a VMO and he will measure dogs every morning before the start of the trial. If your dog needs to be measured and you are showing later in the day you need to arrive at least 2 hours before your first walk through to give the judge time between classes to measure your dog when he is available. The judge has very limited time between classes, so come join us to enjoy the sunrise, and delight us by helping out in the rings.

Note: If an AKC rep is attending the show, they are all VMO's and you can have your dog measured by the rep. (AKC reps do not announce whether they will attend a show.)

Please see trial secretary's "Measuring 101" PDF posted on Sunrise Agility's website:

SCORING

There will be a monitor available to check your scores/placement near the scoring table.

RESULTS will be posted by the ribbons. The Move Up-sheet (CONGRATULATIONS!) will also be by the ribbons. Check your results as soon as possible by checking the monitor. If you have a question about your results, you need to bring it to the secretary's attention before the next class has started. And preferably before the judge has reviewed the results.

RIBBONS - will be available for pick-up at the trial. All ribbons must be picked up AT the trial, none will be mailed. This is how it works: After the judge has reviewed all scribe sheets and catalog pages for your class (or height group for Masters/Excellent) we will release individual printed ribbon labels. You will then be able to come to the Awards area and make your own ribbon(s) using these printed labels. We will try to have the labels out as soon as we can, but please be patient -- remember that the AKC requires extensive review of the results by judges before ribbons can be made available to competitors.

TITLE RIBBONS - In addition to rosettes for placements and qualifying flat ribbons, we will have new title ribbons and MACH/PACH ribbons and bars.

Ribbons will NOT be mailed to you after the trial; you must pick them up by Sunday or they will be recycled.
